All floor plans offer 1 bed/1 bath parity. The property contains fiber optic cable with one Gigabit of bandwidth capacity, offering students the benefit of high-speed and reliable internet connectivity and the ability to stay connected to multiple devices to support their academic and entertainment needs.

### The University

UARK is a Division I Power Five football school with a Fall 2017 student population of approximately 27,500, marking the 19th consecutive year of enrollment growth. UARK’s positive national profile is due in part to its participation in the Southeastern Conference (SEC) where their 19 teams participate in the highest level of NCAA competition. The Razorbacks have won 43 national championships. According to the 2018 U.S. News & World Report, the school is ranked #133 Best College overall, #63 for public schools, and the 10th fastest growing public research university in the country.

Axiometrics projects a 2% annual enrollment growth rate from 2018 to 2021. During this span, the school expects to add nearly 2,300 students. Enrollment is influenced by the affordable 2017/2018 in-state tuition of \$3,692 per semester and an acceptance rate of 63% (2016). UARK also offers Non-Resident Tuition Scholarship Awards (NRTAs) to academically qualified students from the neighboring states of Kansas, Louisiana, Mississippi, Missouri, Oklahoma, Tennessee, and Texas to make the cost of out-of-state tuition equal to that of in-state students.
